

Which of these things is not like the other?

Materials needed:

- one 6-sided die
- Whiteboard/dry erase pens/erasers – for keeping score
- Game Cards

To play:

Shuffle the cards and put them in a stack where everyone can reach them.

Players take turns rolling the die and drawing a card.

- Even number = same – player must identify the two options that are the same. If correct, score 2 points.
- Odd number = different – player must identify the option that is different. If correct, score 1 point.

If a player rolls the die off the table – lose a turn.

To win: Player with the most points when either all the cards are gone or time is up wins.

Printing: Print one-sided
